# Poverty?

in

# Calgary?

# Let's Talk

# About it!

Federal Social Policy Critic M.P. Tony Martin is conducting a cross-country tour to hear from people affected by poverty.

Tony wants to hear from those who now are poor or were poor about what that experience is like and what poverty does in terms of living full lives. Tony is also interested in hearing from poverty activists and organizations working for poverty reduction.

Tony will bring the information he gathers to Parliament where he will use it to develop recommendations and educate the Canadian public about poverty.

Mr. Martin is the NDP MP for Sault Ste. Marie Ontario and is the federal Social Policy Critic. His ***End Poverty*** campaign is intended to raise awareness of poverty and develop recommendations for change.

Federal Social Policy Critic M.P. Tony Martin is conducting a cross-country tour to hear from people affected by poverty.
