

Member of Parliament Constituency Office/Bureaux de circonscription de Député

-- = Absent/Absent
 O = Oui/Yes
 X = Non/No
 P = Pairage des députés /Paired Members**

** Pairing is a practice whereby the party Whips arrange for two Members from opposite sides of the House to agree that they will abstain from voting on a particular occasion to permit one or both to be absent from the House. In this way, their votes are effectively neutralized and the relative strength of their parties in the House maintains its balance.

B = Bloc Québécois /Bloc Quebecois
 C = Conservateur / Conservative
 I = Indépendant /Independent
 L = Libéral /Liberal
 N = NPD /NDP

** Il y a pairage lorsque les whips prennent des dispositions pour qu'un député s'entende avec un député du parti opposé afin de s'abstenir de voter à une occasion particulière pour permettre à l'un ou l'autre ou aux deux de s'absenter de la Chambre. Leurs votes sont alors neutralisés, et le poids relatif de leur parti à la Chambre demeure identique.
